ABSTRACT

A questionnaire was sent to 100 school districts (97 public and three parochial) in southeastern Michigan in an attempt to determine to what extent sex education, black studies, and drug abuse have been included in the curriculum and to provide data to help in establishing new programs. Ninety-six replies were received and the data was categorized as 1) formal system-wide; 2) in planning; 3) integrated, i.e., forming part of other existing courses such as physical education, science, sociology, etc. Seventeen tables give the detailed results of the survey and appendixes list the central offices contacted and include the questionnaire, cover letter, and follow-up letter. APPENDIX A - LIST OF CENTRAL OFFICES CONTACTED

APPENDIX B - COVER LETTERS AND QUESTIONNAIRE USED IN SURVEY

COVER BY MRS. CAROL POLLACK

Introduction

In an attempt to determine the extent to which three frequently discussed and sometimes controversial subjects have become part of the curriculum in school districts in Southeastern Michigan, a four county survey was recently completed by the Information Service of the ASSIST Center. Ninety-seven public and three parochial central office school districts (see Appendix A) were sent a cover letter and questionnaire (see Appendix B) requesting brief information about programs in Sex Education, Black Studies and Drug Abuse. The need for this information became apparent through the frequent requests received by Action Line at the ASSIST Center. The survey was suggested by Mrs. Beatrice Katz, Resource Specialist for Information Service.

One hundred central offices were contacted and through the efforts of Mrs. Laura Thomas, of the ASSIST Center Information Service, who sent follow-up forms, made numerous telephone calls, and prepared the manuscript, ninety-six percent of the offices contacted supplied usable data.

The report that follows is in three parts so that the information it contains can be used collectively or separately by curriculum area. The tables and pages which will be numbered consecutively and might otherwise cause some confusion, reflect this dual-purpose dissemination use.

It is suggested that those districts who are actively involved or are contemplating programs will be able to share their efforts with each other. Hopefully, future plans will be developed whereby a coordinating effort on a cross-district basis will be instituted.

The data gathered about programs was categorized as (1) Formal System-Wide, (2) In Planning, or (3) Integrated. The latter category refers to those programs which were felt to be part of other existing courses. For example, Sex Education may be treated in homeroom, physical education, science, home and family living, sociology, or some other course. Likewise, the other two subject areas may also be incorporated as units, chapters, or discussions in other established courses or programs. Placement in this survey is based on the author's interpretation of the information and comments which were received from the respondents. Any errors which thus appear are those of the author.

DEAR

WE'RE GETTING A LOT OF QUESTIONS FROM EDUCATORS SEEKING HELP IN ESTABLISHING PROGRAMS IN SEX EDUCATION, BLACK STUDIES, AND DRUG ABUSE. WE HAVE ONLY SPOTTY INFORMATION ABOUT SOME OF THE DISTRICTS WHICH DO HAVE PROGRAMS IN OPERATION OR UNDER DEVELOPMENT BUT NO RECENT COMPREHENSIVE SURVEY HAS BEEN MADE.

WOULD YOU TAKE A FEW MOMENTS TO RESPOND TO THE FOLLOWING QUESTIONS? WE'LL TRY TO SUMMARIZE THE RESULTS AND SEND YOU A COPY IF YOU WOULD LIKE ONE.

THANKS FOR YOUR HELP.

THE INCLUSION OF YOUR DISTRICT WOULD DO MUCH TO STRENGTHEN THE SURVEY. MAY I HEAR FROM YOU SOON?
